By SHAJAN C KUMAR

We all communicate through language. But, communication easily breaks down when we aren't speaking the same language. Throughout this course, you'll explore the vocabulary of **FACT-CHECKING** and start to put the words to work. The Framework allows you to speak about FACT-CHECKING across large teams and companies and stay on the same page.

Any Questions?

As you build your FACT-CHECKING skills, it's important to harness your natural curiosity. Think back to when you were a kid. How often did you ask questions about the world just because you were curious?

As children we ask why regularly, and often don't settle for the first answer. Reignite that unrelenting curiosity as you conduct FACT-CHECKING.

Thank you.
